| <b>Trainee (03 Months)</b><br><i>Defence Research and Development Establishment (DRDE), DRDO</i> <ul style="list-style-type: none"><li>Developed Electronics-based RD solutions using embedded systems and AI-powered applications to automate laboratory workflows, reducing manual effort by 90%.</li></ul>                      | May 2026 – Present<br>Gwalior, India |
| <b>Full Stack Developer Intern (06 Months)</b><br><i>OmAdvance Pvt. Ltd.</i> <ul style="list-style-type: none"><li>Developed and deployed multiple full-stack web applications, digitizing 100% of business workflows to enable real-time operations monitoring, improve efficiency, and streamline business management.</li></ul> | May 2026 – Present<br>Remote         |
| <b>Frontend Developer Intern (02 Months)</b><br><i>GREENTRACE CONSULTANCY PRIVATE LIMITED</i> <ul style="list-style-type: none"><li>Created responsive web interfaces using HTML, CSS, Bootstrap, React, and JavaScript.</li></ul>                                                                                                 | Dec 2024 – Jan 2025<br>Delhi, India  |

## TECHNICAL SKILLS

**Programming Languages:** Java, Python, JavaScript, TypeScript, HTML5, CSS3  
**Frontend:** React.js, Vite, Tailwind CSS, Bootstrap, Material UI, Responsive Web Design  
**Backend:** Node.js, Express.js, FastAPI, REST API Development, JWT Authentication  
**Databases:** SQL, MongoDB, Supabase, Cloudflare D1  
**Cloud & DevOps:** Cloudflare Workers, Cloudflare Pages, Cloud Deployment, Git, GitHub, Postman, Visual Studio Code  
**Core Computer Science:** Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems, Computer Networks  
**Additional Skills:** API Integration, Drizzle ORM, Authentication & Authorization, Version Control, Debugging, Problem Solving, AI/ML Applications

## PROJECTS

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                      |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <b>Accessory Billing &amp; Inventory Management Portal</b> <ul style="list-style-type: none"><li>Innovated a role-based accessory billing and management portal for businesses with multiple counters, supporting Counter Staff, Team Leads, Auditors, and Cashiers through a complete approval workflow. Served 100+ users across 10 stores</li><li>Tech Stack: React 19, TypeScript, Vite, Tailwind CSS, React Router, React Query, Cloudflare Pages Functions, Cloudflare D1, Drizzle ORM, JWT (jose), Supabase.</li><li>Live Demo: <a href="https://neon-testing-accessoriesportal.viewwork.workers.dev/login">https://neon-testing-accessoriesportal.viewwork.workers.dev/login</a></li></ul> | May 2026 – Present   |
| <b>SummarEASE – AI Summarizer</b> <ul style="list-style-type: none"><li>Constructed a full-stack AI application for text summarization, structured document generation, and video content summarization.</li><li>Tech Stack: React.js, Node.js, Express.js, Hugging Face, Whisper, FFmpeg.</li><li>Live Demo: <a href="https://summarease-frontend-6ftb.onrender.com/">https://summarease-frontend-6ftb.onrender.com/</a></li></ul>                                                                                                                                                                                                                                                                | Jan 2026 – Feb 2026  |
| <b>AI Internship Recommendation Engine</b> <ul style="list-style-type: none"><li>Built a hybrid AI recommendation system suggesting the best PM Internship Scheme opportunities using semantic similarity and rule-based ranking.</li><li>Tech Stack: React.js, Node.js, Firebase, Python/FastAPI.</li><li>Live Demo: <a href="https://pm-ai-internship-scheme-platform.onrender.com/">https://pm-ai-internship-scheme-platform.onrender.com/</a></li></ul>                                                                                                                                                                                                                                        | Aug 2025 – Sept 2025 |

## EXTRA-CURRICULAR

- SAARTHI Coordinator (NEP 2020 UGC)
- Student Coordinator – 2<sup>nd</sup> International Student Conference on Multidisciplinary and Current Technical Research (ISCMCTR) 2024
- Competitive Coding Coordinator: Organized institute-level competitive coding events.
- National Cadet Corps (NCC): Holder of 'A' and 'B' Certificates.
- Karate Black Belt: Won 32 medals and trophies across district, state, and national-level competitions.
